Técnicas de estudio para adolescentes (Técnicas y habilidades) (Spanish Edition) Antonio González Vinagre

Este libro está pensado para los estudiantes que inician su vida «profesional» como tales, para quienes el estudio es o va a ser su quehacer diario durante los años de la adolescencia. El aprendizaje requiere método y constancia. En estas páginas se describen los métodos de manera sencilla y comprensible, pero la fuerza de voluntad la ha de poner el estudiante, y no sólo una vez, tendrá que volver a repasar lo que aquí se dice varias veces, entrenarse en cada una de las técnicas hasta que se asimilen y rindan en toda su potencialidad.
