The past twenty years have seen a new generation of artists working together in small groups and large collectives to explore new avenues of art, design, performance, and commerce. In *Come Together*, author and visual artist Francesco Spampinato assembles an international roster of forty of today's most exciting and influential collectives, from design studios like Project Projects and political performance artists The Yes Men to flash mob provocateurs Improv Everywhere and the multimedia artists Assume Vivid Astro Focus. Alongside visual portfolios of their best work are in-depth interviews addressing each group's unique motivations, processes, and objectives. What emerges is a shared desire to turn viewers into producers and to use commercial mass-media strategies to challenge prevailing social, political, and cultural power structures. *Come Together* is an essential resource and inspiration for students, art lovers, and anyone interested in the cutting edge of visual culture.
