Brown: The Last Discovery of America Richard Rodriguez

In his dazzling new memoir, Richard Rodriguez reflects on the color brown and the meaning of Hispanics to the life of America today. Rodriguez argues that America has been brown since its inception—since the moment the African and the European met within the Indian eye. But more than simply a book about race, **Brown** is about America in the broadest sense—a look at what our country is, full of surprising observations by a writer who is a marvelous stylist as well as a trenchant observer and thinker.
