Architecte et designer barcelonais, Antoni Gaudí (1852-1926) occupe une large place dans l'histoire de l'art espagnol. L'usage de la couleur, l'emploi de différents matériaux et l'introduction du mouvement dans ses constructions furent une innovation dans le domaine de l'architecture.

Il laissa dans ses carnets de nombreuses réflexions à propos de son art telles que : « La couleur dans l'architecture doit être intense, logique et fertile. » Appuyée par de nombreuses photographies et de nombreux détails architecturaux, l'étude que mène l'auteur, Jeremy Roe, permet une approche du contexte de l'art barcelonais et introduit une minutieuse étude critique des constructions, objets et écrits du plus célèbre architecte barcelonais.
