A groundbreaking new approach to creating and delivering world-class shareholder value

Creating the right performance management framework is the key to delivering sustained, world-class value.

Under increasing pressure from shareholders to create sustained wealth, CFOs, CEOs, and controllers are desperate for new business planning methods that will help them meet constantly growing expectations. This book provides the framework for developing a strategic plan to develop world-class performance management capabilities. Numerous case studies and best practice examples help identify the key issues companies face in their drive to deliver and create value as well as the new role management must play in order to maximize performance management capabilities. The book also explores the various information technologies that support performance management.
