Applied Anatomy for Anaesthesia and Intensive Care

Andy Georgiou, Chris Thompson, James Nickells

Applied Anatomy for Anaesthesia and Intensive Care Andy Georgiou, Chris Thompson, James Nickells Applied Anatomy for Anaesthesia and Intensive Care is an invaluable tool for trainee and practised anaesthetists and intensive care physicians seeking to learn, revise and develop their anatomical knowledge and procedural skills. Concise textual descriptions of anatomy are integrated with descriptions of procedures that are frequently performed in anaesthesia and intensive care, such as nerve blocks, focussed echo, lung ultrasound, vascular access procedures, front of neck airway access and chest drainage. The text is supported by over 200 high-quality, colour, anatomical illustrations, which are correlated with ultrasound, fibre optic and radiological images, allowing the reader to easily interpret nerve block sonoanatomy, airway fibre optic images and important features on CT and MRI scans. Useful mnemonics and easily reproducible sketch diagrams make this an essential resource for anyone studying towards postgraduate examinations in anaesthesia and intensive care medicine.

You can easily read this book because you can continue reading your smart phone, or gadget, so you can read the book throughout anywhere and anytime. In a situation you wish to purchase the e-book, you can wide open their official web-site and order it. Have a nice go through.

Thomas Schwan:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Applied Anatomy for Anaesthesia and Intensive Care can make you truly feel more interested to read.
