The Case of the Disappearing Cancer: And Other Stories of Illness and Healing, Life and Death Louis Heyse-Moore

Everyone has experienced some suffering in their life, often through illness, and, of course, everyone wants to heal. This is a book about healing based on Louis Heyse-Moore's forty years of experience as a doctor, counsellor and a Somatic Experiencing trauma therapist. The author believes healing is much more than just physical cure. Over the many years that he has worked with ill people, it has become obvious to him that their body, mind and spirit are all affected when they are sick. Many doctors are excellent at treating and curing physical illnesses but may miss the other aspects of healing. The Case of the Disappearing Cancer attempts to redress the balance. A word picture is worth a million theoretical abstractions. A good story is one that engages us at gut level. Not just thinking, but also feeling, emoting, remembering, relating; soulfulness in other words. It makes us come alive. This book does just that.

So , why hesitate? Let us have The Case of the Disappearing Cancer: And Other Stories of Illness and Healing, Life and Death.

Eun Christensen:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some e-book, they are complained. Just little students that has reading's soul or real their passion. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Case of the Disappearing Cancer: And Other Stories of Illness and Healing, Life and Death can make you feel more interested to read.
