New York City, summer of 1963: JJ Green is a born songwriter—a major problem, since her family thinks the music business is a cesspool of lowlifes and hustlers. Defying them, she secretly takes an internship at the Brill Building, the epicenter of a new sound called rock and roll. When she finds a writing partner in Luke Silver, a boy with mesmerizing green eyes, JJ believes she is living her dream. They'll even be cutting their first demo with legendary singer Dulcie Brown.

But soon JJ's dream is shattered by tragedy, and she must navigate a web of troubled pasts, hidden identities, and tangled secrets—before it snares her, too.
