## The Routledge Companion to Auditing (Routledge Companions in Business, Management and Accounting)

Auditing has been a subject of some controversy, and there have been repeated attempts at reforming its practice globally.

This comprehensive companion surveys the state of the discipline, including emerging and cutting-edge trends. It covers the most important and controversial issues, including auditing ethics, auditor independence, social and environmental accounting as well as the future of the field.

This handbook is vital reading for legislators, regulators, professionals, commentators, students and researchers involved with auditing and accounting. The collection will also prove an ideal starting place for researchers from other fields looking to break into this vital subject.
