ToInfinityandBeyond First Tale of the Trinity:The Soul Crackers Religionç, a global religious enterprise, claims that it can take you on a spiritual journey to infinity and beyond. Rock star Dell Englund is convinced and persuades his wife to join. However, when Dell's money runs out, Religionç runs him out and keeps his wife. Roni is not seeking spiritual highs but joins only because of Dell's insistence. However, when the "new reality" sets in, Religionç is suddenly in the driver's seat. As Dell's faith begins to falter, he tries to convince Roni to escape with him but it's too late; she's hooked and will not leave. In an effort to force her release, he stirs up public opinion against Religionç, but the cult launches a vicious counterattack. Going underground, Dell becomes a warrior for life as he attempts to rescue Roni from the iron tentacles of a corrupt criminal enterprise masquerading as a religion. He learns that when the law is terrified of bringing a corrupt cult to justice for fear of retaliation and the fallout from violating its so-called religious freedom, nothing can arrest its quest for world domination; nothing, except the dedication, determination, and pure grit of a handful of former members; heroes who know the truth ... the whole truth ... and cannot be shuddered into silence. Welcome to the debut of a new genre of literature called cult fiction, where nothing is as it seems, and where truth and reality make strange bedfellows.
