The Steps from Text to Narrative Sermon

Presenting biblically centered sermons in a new, creative genre

Pastors and teachers are always on the lookout for new ways to expand the effectiveness of their preaching.

Sermons delivered in the first-person point of view can weave the power of story and drama into the biblical teaching, making familiar—and not-so-familiar—characters and situations come to life. This book helps students and pastors understand how first-person sermons can be preached with biblical integrity. It extends Haddon Robinson's "big idea" philosophy of preaching to this new genre.

J. Kent Edwards takes a practical approach as he walks readers through the steps needed for creating sermons that are faithful to the text and engaging to the listener.

Examples and worksheets enable readers to apply this unique approach to one of their own sermons. The book includes a CD-ROM with a video sample of first-person narrative preaching.
