James J. Sheng

Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding James J. Sheng

In this chapter, the fundamentals of surfactant flooding are covered, which include microemulsion properties, phase behavior, interfacial tension, capillary desaturation, surfactant adsorption and retention, and relative permeabilities. The surfactant–polymer interactions are discussed. The mechanisms and screening criteria are briefly discussed. The field cases presented include low-tension waterflooding (Loma Novia, Wichita County Regular field), sequential micellar/polymer flooding (El Dorado, Sloss), micellar/polymer flooding (Torchlight and Delaware-Childers), and Minas SP project preparation and SP flooding (Gudong).

From reader reviews:

Janice Saucier:

Why don't make it to be your habit? Right now, try to prepare your time to do the important act, like looking for your favorite e-book and reading a publication. Beside you can solve your problem; you can add your knowledge by the e-book entitled Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding. Try to make the book Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding as your good friend. It means that it can for being your friend when you experience alone and beside that of course make you smarter than before. Yeah, it is very fortunate for you personally. The book makes you far more confidence because you can know anything by the book. So , let me make new experience and also knowledge with this book.

James Ensor:

This Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding book is simply not ordinary book, you have after that it the world is in your hands. The benefit you have by reading this book is actually information inside this guide incredible fresh, you will get details which is getting deeper you read a lot of information you will get. This specific Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding without we realize teach the one who reading it become critical in contemplating and analyzing. Don't become worry Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding can bring once you are and not make your carrier space or bookshelves' turn into full because you can have it inside your lovely laptop even cell phone. This Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding having excellent arrangement in word and layout, so you will not really feel uninterested in reading.

Willie Carlos:

Reading a book can be one of a lot of activity that everyone in the world adores. Do you like reading book thus. There are a lot of reasons why people enjoy it. First reading a book will give you a lot of new details. When you read a publication you will get new information simply because book is one of numerous ways to share the information or perhaps their idea. Second, reading a book will make an individual more imaginative. When you looking at a book especially hype book the author will bring you to definitely imagine the story how the figures do it anything. Third, it is possible to share your knowledge to some others. When you read this Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding, you could tells your family, friends along with soon about yours reserve. Your knowledge can inspire average, make them reading a publication.

Theodore Rivas:

As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's spirit or real

their hobby. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Enhanced Oil Recovery Field Case Studies: Chapter 5. Surfactant-Polymer Flooding can make you sense more interested to read.
