Global Voices: Reading the Bible in the Majority World

This book, a collection of essays from ethnically diverse scholars familiar with both non-Western and Western hermeneutic traditions, explores what it means to allow the interpretations of the non-Western church to be heard-heeded and appreciated-by the Western church and its educated elite. Evangelical scholars, college and seminary professors, trained evangelical pastors, and evangelicals of many nationalities and ethnicities who minister in the West will find these collected essays fascinating and encouraging.

From the foreword by Professor Edwin Yamauchi:

As someone who was descended from immigrants from Okinawa to Hawaii, the most racially and culturally diverse state in the Union, I can keenly appreciate the insight the writers of the essays in this volume have offered as to the relevance of particular Scriptures to a variety of cultural and ethnic groups throughout the world and to immigrant communities in the United States. Edwin Yamauchi, Professor Emeritus, Miami University
