**La economía del campo mexicano: Tendencias y retos para su desarrollo (Spanish Edition)** Antonio Yúnez Naude

Esta obra da respuesta a diversas interrogantes generadas por una transformación de la economía rural mexicana que no ha tomado el rumbo ni rendido frutos esperados a raíz de las reformas estructurales iniciados por el Estado mexicano en materia económica hace más de tres décadas.

El contenido de este libro es una contribución no sólo en el plano académico sino también en materia de políticas públicas para el diseño de intervenciones que promuevan la equidad, mejoren las condiciones de bienestar de los habitantes del campo y que alienten el desarrollo rural sustentable en México y otros países.
