For over a decade, *Contemporary Art and Multicultural Education* has served as the guide to multicultural art education, connecting everyday experience, social critique, and creative expression with classroom learning. The much-anticipated *Rethinking Contemporary Art and Multicultural Education* continues to provide an accessible and practical tool for teachers, while offering new art, essays, and content to account for transitions and changes in both the fields of art and education. A beautifully-illustrated collaboration of over one hundred artists, writers, curators, and educators from in and around the contemporary art world, this volume offers thoughtful and innovative materials that challenge the normative practices of arts education and traditional art history. *Rethinking Contemporary Art and Multicultural Education* builds upon the pedagogy of the original to present new possibilities and modes of understanding art, culture, and their relationships to students and ourselves.
