The Mighty Quinns: Mac Kate Hoffmann

No strings. No tomorrow. Just here and now...

Luke "Mac" MacKenzie has no past. Orphaned at twelve, he doesn't remember his real name or why his parents were on the run. The name "Aileen Quinn" means nothing to him. Now Mac wanders through the country as a pilot, never settling down...until he finds something—or someone—who stops him in his tracks.

After all she's been through, Emma Bryant just wants a fling—a hot man for a passionate night she'll never forget. Preferably someone tall, dark and really, really hot. Like Mac. The problem is, there's nothing casual about the heat between them...or the bond that threatens them with something neither thought they could have: a future.
