## **A History of War Resistance in America** James M. Volo

From the Colonial period on, war has inevitably divided U.S. society into pro-war and antiwar factions, and few subjects have proven so polarizing or long-lasting as a nexus of public discourse. In the contest over war and peace, uninformed beliefs have been conflated with uncontested truths by both sides, fueling a lack of bipartisanship in foreign policy that has been prevalent since the nation's earliest days.

*A History of War Resistance in America* delineates clearly the tradition of war opposition in the United States. It examines the military, preparations for war, and war's justifiable prosecution, as well as pacifism, legitimate resistance to war, and the appropriate and free exercise of civil liberties. This thought-provoking volume offers an analysis of the reasons for conflict among peoples, the prosecution of war among nations, and the development of war resistance movements. It also explores the role of the media in forming public opinion and that of the courts in protecting—or limiting—civil liberties.
