Anti-Social Behaviour: A multi-national perspective of the everyday to the extreme (SAGE Swifts)

Cate Curtis

“Neatly and succinctly takes readers through ways to understand and interpret the label of ‘antisocial’ behaviour in a wider context, showing how it is socially, historically and culturally produced as well as understood in professional health and policing or correctional contexts.”

- *Cathy Coleborne, University of Newcastle, Australia*

“A timely work given the present global shift in the use of social media and violence. Cate Curtis’ book serves as a multinational mini-meta-analytic review of anti-social behaviours”

- *Richard Langford, University of Hawaii West Oahu*

“Cate Curtis’ coverage in this book is breath-taking. It is centred on challenging taken for granted assumptions concerning the three Rs: ‘risk’, ‘resilience’ and ‘recovery’ whilst questioning what is respectable everyday activities and extreme behaviour in culture and society.”

- *Shane Blackman, Canterbury Christ Church University*

Cate Curtis seeks to disrupt assumptions about anti-social behaviour by bringing together a host of key concepts and theories applicable to the field. Going beyond individualised discussions, the book explores broader concepts such as the social construction of ‘anti-social behaviour’, ‘risk’ and ‘resilience’, and the social contents and influences under which these are most likely to occur.

An excellent companion for researchers and postgraduate students in of anti-social behaviour across criminology, social psychology, sociology and social work.
