Psychoanalysis and Infant Research (Psychoanalytic Inquiry Book Series)

Joseph D. Lichtenberg

Psychoanalysis and Infant Research (Psychoanalytic Inquiry Book Series) Joseph D. Lichtenberg
Lichtenberg collates and summarizes recent findings about the first two years of life in order to examine their implications for contemporary psychoanalysis. He explores the implications of these data for the unfolding sense of self, and then draws on these data to reconceptualize the analytic situation and to formulate an experiential account of the therapeutic action of analysis.
