Child Observation for the Early Years: 9780857257451 (Early Childhood Studies Series) Ioanna Palaiologou

This is a key text for all those studying for degrees and foundation degrees in early childhood, early years and related disciplines and for candidates on EYPS pathways. It enables students to appreciate the central role of observation for understanding, planning for and educating early years children. The theoretical background to child observation is covered in detail, the text highlights important works and considers the ethical implications. This **Second Edition** includes new chapters on recording and analysing and the curriculum and is fully updated throughout with links to the updated Early Years Foundation Stage. Interactive activities and real life case studies are included to help the reader engage with the text and make essential links between theory and practice.

Ioanna Palaiologou is a lecturer and researcher at the Centre for Educational Studies at the University of Hull and a Chartered Psychologist of the British Psychological Society with specialism on child development and learning theories. Ioanna is currently leading the Masters in Early Childhood Studies, supervises a number of PhD students and is the Academic coordinator for Research Students Support.

About the Early Years Series

This series has been designed to support degree and foundation degree students of early years, early childhood and related disciplines. Each text takes a focused look at a specific topic and approaches it in an accessible and user-friendly way. Activities pose questions to prompt thought and discussion, and further reading suggestions, including useful websites, are provided to help students access extended learning in each topic.

Other titles in the series are *Child Development for Early Childhood Studies*, *Successful Placements in Early Years Settings* and *Childhood in Society for Early Childhood Studies*.
