**Electronic Trading Guide for NASDAQ Level 2** Online Trading Academy

The author, Online Trading Academy , January 19, 2000

Learn to trade the electronic NASDAQ using Level 2 screens. Online Trading Academy has put this manual together to teach novice investors how to direct electronic trade the NASDAQ using the now popular Level 2 screen.

This book does not have fancy binding or lettering. If your looking for that then dont buy this book. This book was written in a manual style format to teach you how to trade the NASDAQ using an electronic execution system.

There is no fluff in this book. Its simple, straightforward, and to the point. Keep this guide next to your computer and have it handy. You will refer to it on many occasions to keep you on track.

Online Trading Academy has been teaching individual investors how to trade stocks on a short-term and intraday basis. In the past two years, OTA has taught over 1000 students. I can personally tell you this is not an easy task to learn. It requires a tremendous amount of skill, dedication, hard work, extreme discipline, risk management, and persistence.

Trading the NASDAQ is one of the most challenging experiences in your life. As a day trader, I have seen many people make money and many people lose money. And the clear distinction why most people fail is because their lack of trading knowledge and discipline. Trading knowledge is your most valuable form of capital. So read this book a few times before getting started. It could save you thousands of dollars.

If you really are ready for the move to electronic trading and would like a guide to walk you through step-by-step on the techniques and strategies and dont mind the manual style format then I recommend this book for you.

Good Luck and Happy Trading
