Degrees of Wrong Anna Scarlett

This time, the straight-and-narrow path could be the road to ruin.

Dr. Elyse Morgan's mission: find the cure to the HTN4 virus. The compensation, courtesy of the United Nations: a lab stocked with hi-tech goodies, limitless resources and enough chocolate to make her rear look like a cellulite farm. Bonus: she gets to live.

Rescued (kidnapped) and secreted (imprisoned) on an undersea warship, Elyse adjusts to her assumed identity as a cadet with the finesse of a toeless ballerina. Her sulfuric temper and blatant insubordination capture the unwanted attention of the ship's captain, the gorgeous, infuriating, *engaged* Nicoli Marek.

Elyse would rather perform her own autopsy than become the other woman, but Nicoli—who's as full of himself as he is of secrets—regards his impending marriage as a mere political transaction. And Elyse as fair game.

As Elyse's suspicions about the UN's true agenda mount along with her attraction to the relentless, chronically shirtless captain, she must choose between the murky path to everything she's ever wanted, or the squeaky-clean path of self-sacrifice—which could mean taking the secrets of the virus with her to the grave.

Warning: Features a strong, chocolate-loving heroine who takes no prisoners on the way to saving the world from an epidemic and winning a captain's heart.
