**Life in the big city brings unexpected success and reveals startling truths about love**

Manhattan offers the promise of escape for an aimless young man from Memphis. When Clay Lee comes to town hoping to take refuge from family ghosts, he has no idea that a fleeting encounter with an impossibly beautiful woman will upend his life. What begins as a brief obsession becomes the catalyst for exploring the meaning of love itself—in ways Clay could never have anticipated. As he attempts to get his hard-won lessons into focus—and print—he enters a world he didn't know existed.

Wry New York book editor Louisa Mercer has a puzzle she can't solve: Her love affair with the dazzling, mercurial Mia D'Allesandro has imploded for reasons she can't pinpoint, and she can't seem to break its spell. When Louey discovers a manuscript with more than a few direct applications to her own life, her collaboration with its author transforms them both.

With New York City as its glittering backdrop, *Loonglow* explores the exhilarating and heartbreaking turns that life delivers to both the victors and the victims of love.
