Blowing Off Steam Joy Lynn Fielding

Two guys, a train, and lots of steam.

Sam Chancellor has been in love with the steam engine Old Bess since he was six years old. Well, maybe not literally, but even when he's lost everything else in his life, he's always had her. But now her place in his heart has been unexpectedly challenged. Her new driver, Ryan Saunders, is the embodiment of all Sam's fantasies.

Ryan has written off Sam as just another geeky trainspotter—until the moment Ryan sees him without his usual shapeless hoodie, and realizes that for a nerd, Sam's pretty built.

When Ryan overlooks Sam's awkwardness long enough to suggest a hook-up, Sam seizes the opportunity—and Ryan—with both very eager hands. Finding common ground in their shared love of Bess, their time together is better than Sam ever dared dream.

But there's a reason Ryan never talks about his past. And when Ryan's job is threatened, Sam's well-meaning intervention puts both Ryan and Bess in deadly danger.

Warning: Contains train geekery, bed-hogging, a hero with no experience and another with plenty to spare, and a spider called Mabel.

From reader reviews:

Maria Kraus:

Information is provisions for anyone to get better life, information currently can get by anyone with everywhere. The information can be a information or any news even restricted. What people must be consider while those information which is inside former life are hard to be find than now could be taking seriously which one is acceptable to believe or which one typically the resource are convinced. If you find the unstable resource then you have it as your main information it will have huge disadvantage for you. All of those possibilities will not happen in you if you take Blowing Off Steam as your daily resource information.

Benjamin French:

Many people spending their time period by playing outside with friends, fun activity having family or just watching TV the entire day. You can have new activity to enjoy your whole day by looking at a book. Ugh, you think reading a book will surely hard because you have to use the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Cell phone. Like Blowing Off Steam which is obtaining the e-book version. So , why not try out this book? Let's notice.

Dora Bair:

This Blowing Off Steam is completely new way for you who has attention to look for some information as it relief your hunger details. Getting deeper you onto it getting knowledge more you know or else you who still having small amount of digest in reading this Blowing Off Steam can be the light food to suit your needs because the information inside that book is easy to get by simply anyone. These books acquire itself in the form which can be reachable by anyone, yep I mean in the e-book web form. People who think that in book form make them feel tired even dizzy this book is the answer. So there is absolutely no in reading a guide especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss this! Just read this e-book style for your better life along with knowledge.

Eleanor Hotchkiss:

As we know that book is vital thing to add our knowledge for everything. By a publication we can know everything we really wish for. A book is a range of written, printed, illustrated or blank sheet. Every year has been exactly added. This publication Blowing Off Steam was filled about science. Spend your time to add your knowledge about your technology competence. Some people has various feel when they reading the book. If you know how big advantage of a book, you can experience enjoy to read a publication. In the modern era like at this point, many ways to get book which you wanted.
