Families, Violence And Social Change (Issues in Society)

Linda McKie

Families, Violence And Social Change (Issues in Society) Linda McKie

This book tackles assumptions surrounding the family as a changing institution and supposed haven from the public sphere of life. It considers families and social change in terms of concepts of power, inequality, gender, generations, sexuality and ethnicity. Some commentators suggest the family is threatened by increasing economic and social uncertainties and an enhanced focus upon the individual. This book provides a resume of these debates, as well as a critical review of the theories of family and social change.
