## **Geotourism** David Newsome

Geotourism is tourism surrounding geological attractions and destinations. This unique text uses a wealth of case studies to discuss the issues involved in the management and care of such attractions, covering topics such as sustainability, impacts and environmental issues.

Geotourism: Sustainability, impacts and management leads the reader logically through the process, covering both the theories involved and the practicalities of managing such 'environmentally precious' attractions.

#### **Catherine Graziani:**

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the professor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Geotourism can make you feel more interested to read.
