Now in paperback, Modern Cabin presents twenty-two contemporary cabins in a variety of locales across North America. Today's cabin speaks to a sophisticated design aesthetic-even if it has a rustic façade. It incorporates up-to-date materials and state-of-the-art techniques, including prefabrication. It is built to last and is often built green. But despite its dramatic shift from the log cabin of yesteryear, the modern cabin at its core hasn't changed: it is still that quiet place where reflection and recreation thankfully edge out the duties of everyday life.
