William James and The Varieties of Religious Experience: A Centenary Celebration

William James and The Varieties of Religious Experience: A Centenary Celebration

William James's *The Varieties of Religious Experience* was an intellectual landmark, paving the way for current study of psychology, philosophy and religious studies. In this new companion to the *Varieties*, key international experts provide contemporary responses to James's book, exploring its seminal historical importance and its modern significance. Locating the *Varieties* within the context of James's other works and exploring James's views on psychology, mysticism, religious experience, emotion and truth, the sixteen articles offer new analyses of the *Varieties* from the perspectives of postcolonial theory, history, social theory and philosophy. As the only critical work dedicated to the cross-disciplinary influence of *The Varieties of Religious Experience*, this book testifies to William James's genius and ongoing legacy.
